## SUMMARY

---

With over a year of hands-on experience in web development within the realms of IoT and the carbon-free industry, I've honed my skills in crafting innovative solutions for sustainable technologies. Drawing from my background as a police officer in Taiwan, I deeply understand the value of effective communication, argumentation skills, and teamwork, all of which have seamlessly transitioned into my career as an engineer. [See more about me.](#)

## SKILL

---

### Front-end

- ✓ **Programming Language:** HTML, CSS/SCSS, JavaScript, TypeScript, JSON
- ✓ **Framework:** React.js, Redux, React Router, Vue.js, vuex, Pinia, Vue Router, BajaScript , jQuery, Bootstrap, Tailwind Css, Cypress
